

CIOB Benevolent Fund: Equality Statement

We recognise that people who use our services reflect diverse backgrounds with varying experiences and needs.

We aim to ensure that equality is at the heart of all we do as a Benevolent Fund in the services we provide.

We believe in equality for all, and that every person has the right to be treated fairly and with dignity and respect regardless of gender, disability, ethnicity, religion and belief, gender reassignment, sexual orientation, age, or pregnancy or maternity, marriage and civil partnerships.

To this end, we will continue to develop and to deliver our services to ensure they are inclusive and accessible to all of those who are eligible to apply and to receive the support and assistance of the CIOB Benevolent Fund.
